# WAR TO THE KNIFE WITH REVOLUTION

And the Knife to the Hilt Proclaimed by Premier Stolypin.

SUPPRESSION ORDER OF DAY.

Policy Determined Upon is One of Reaction and Will be Brutally Enforced.

St. Petersburg, July 34 -War to the knife with revolution and knife to the hiit was proclaimed today by Premier Stolypin in a telegram addressed to the governor generals, governors and prefects throughout Russia and to the to preserve order and crush "the enemies of society." Included in this category, as shown by the events of the day, are not only revolutionists and socialists, but also the educated liberal and landed classes represented in the Constitutional Democratic party, whose clubs everywhere have been closed and all the progressive newspapers, which

are not permitted to lift their voices

anywhere throughout the entire land.

Premier Stolypin's telegram is as fol-'In conformity with instructions received from the emperor with the view to securing full co-operation between the different local authorities, I hereby inform you that the government ex pects you to exercise vigilant and untiring supervision over your subordinates, so that order may be promptly and definitely restored. Disturbances must be suppressed and revolutionary movements must be put down by all legal means. The measures you take must be carefully considered. The struggle begun is against the ene-mies of society, and not society itself. Consequently wholesale repression cannot be approved of. Imprudent and illegal acts are likely to give rise to discontent instead of conducing to calm and cannot be tolerated. The intentions of the emperor are immutable. The government firmly desires to assist in the amendment of the legal procedure and the laws hitherto enforced which no longer serve their purpose. The old regime will not be regenerated, but order must be fully maintained. You must act on your own initiative, as you are invested with responsibility. Firm and vigorous steps taken in these lines will ubtless be upheld by the hest part of

The manifesto bears a remarkable similarity to the earlier compositions of Ministers of the Interior Plence and Bouligin and the reactionary press has had slight difficulty in cutting it down. as they already had done with yester-day's manifesto, into an appeal to the "league of Russian men" and other oid-

trouble is manifested.

Both the government and the revolutionists expect the first outbreak in the south, and that it will roll northward to the two capitals. This may induce the proletariat organizations to postpone the declaration of a general strike from St. Petersburg until contagion is borne up from the south. The railroads, however, are anxious to have this strike declared at once. Members of the railway employes' union, with whom the Associated Press correspondents here and in Moscow have talked, declared that they were ready to walk Leagues, with which the union is fed-

The strictest censorship over news of military disorders is maintained. As an example, the mutiny at Brest-Lit-orsk, July 27, when a band of artillerymen from the fortress fired on the offi-cers' club, killing two officers, has been transformed into a fire destroying the house of the officers' club.

The ministry is obtaining slight aid from the forces of society at large in julling through its policy. Shipoff and Guchkoff and practically all the others who have been approached have refused flatly to participate in the enlarged cabinet proposed. Of the members of the large transfer of the members of the large transfer of the bers of the late parliament only Prince Nikolai Lyoff of Saratov, who, though constitutional Democrat, is a personal friend of Premier Stolypin, is understood to have given the plan favorable pusideration, and it is said tonight at he probably will accept a minis-

Mr. MacKintosh will oppose any attempt to rall a com-nussion to examine into the mental condition of the women, but admits

that he cannot prevent it under the The prosecuting attorney holds, however, that under a ruling of the state supreme court the result of the comdission's inquiry will be no bar to a criminal prosecution, and that only the mere fact that such a commission was held and its findings may be admitted as evidence before a jury in a criminal

So far no attempt to have a commission called has been made. The attorneys for the women are opposed to the idea, but there is a possibility that Judge Frater, who yesterday suggest. ed such a proceeding, may cause one to be called.

# COL. SHOOK AFTER THE MUTUAL LIFE

Revelations of the Last Year Are An Indictment Against the Present Trustees.

THE COMPANY AS A DICTATOR.

Only Power in America That Attempts To Suspend the Habeas Corpus In Time of Peace.

New York, July 24.+Col. A. M. Shook of Nashville, Tenn., a member of the international policyholders' committee, who was placed on the American ticket for trustee of the Mutual Life Insurance company without his permission, was in this city today and conferred with the counsel for the policyholders' ommittee about the placing of his name on that ticket. Afterward Col. Shook said, concerning the Mutual Life Insurance company:

"The revelations during the last year as to flagrant extravagance in the conduct of the business, gross mismanage-ment, diversion of the sacred trust funds for unauthorized purposes and wanton disregard for the interests of the policyholders, constitute an indictment not only against the ones who were directly responsible, but against the trustees to whom the policyholders had a right to look for protection.

Throwing overboard of the few offiers who were caught and pilloried by public opinion for misdeeds is simply a tuh thrown to the whale of outraged and injured policyholders. We believe that the real power which has been in control of the affairs of this company and which put in office the men who, when caught were then deposed, is still seeking to dominate. It was this pow-er, we are constrained to conclude, which caused men of conscience to re-tire from the board of trustees months ego, when they found themselves in a minority in advocating measures to the highest and best interests of policyholders. We cannot see it otherwise than that if we were elected on the ticket proposed by the administration we would find ourselves in a hopeless minority and unable to do more than raise a voice of protest to policies dis-regardful of the policyholders' inter-

"The policyholders, who constitute the real company and not the management, are entitled not to a minority who will look solely and alone to their interests; not to a majority, but to an entire board of trustees who will be thus actuated. We cannot get away from the conviction that there should be an entire change of control of this company from the elements heretofore control, to the policyholders them-lves. It is neither logical nor safe trust a second time those who have nee been fasle. If they should suceed at this time in deluding the policy holders to again blindly trust them they could then proceed to greate. engths than ever, in the consciousness that by the occasional offering of a sac-rifice and by specious promises they could at any event avert an uprising satisfying thought that after this only a portion of the trustees will be elected during any one year, and if they can ontrol the election this time there will be no need to fear. It is therefore up to the policyholders now or never to take control of their property and have

it run in their own control "The present management of the Mutual Life Insurance company is the only power in America that undertakes to declare martial law and suspend the writ of habeas corpus in time of peace. The conscript act that it is promulgat-ing and attempting to enforce is so broad in its provisions that men like Gen. Tracy and myself, who are over 60 years old, are in effect being forced

on its ticket. 'It does not limit its right of conscripting citizens to New York, but goes to Illinois, Delaware and Tennes-see to recruit its forces."

M. Alladin Says That Forty-five Hang Over His Head.

London, July 24.—M. Alladin, lead, er of the Group of Toil; M. Rodlicheff, leader of the Constitutional Democrats, and MM. Ostrogorsky, Vasileff and Prof. Kovalevsky, who came from St. Petersburg to London to attend the interparliamentary union, departed to-night. With the exception of M. Allad. in, they will proceed direct to St. Petersburg. M. Alladin said:
"I am not going to St. Petersburg.

because if I did my life would be in extreme danger. While parliament was sitting I was comparatively safe, as deputies could not be arrested. Now that it is dissolved I must take every precaution. There are 45 death sentences hanging over my head, and the government would dearly like to get hold of me. I am going to Finland. where the authorities will not be likely to arrest me. If they did, the Finnish people would fight for me, and touch-ing his revolver, I should fight, too. I always carry firearms, and I shall not be taken if I can help it." M. Aliadin said he knew that special detectives had followed the members of the Russian parliament to London.

#### PACKER CASES.

Transcripts and Bills of Exceptions Filed in U. S. Court of Appeals.

St. Louis, Mo., July 24.—Transcripts and bills of exceptions were filed today in the United States circuit court of appeals by the Armour Packing company, Swift & Co., Morrig & Co., and the Cudahy Packing company, which were convicted in the United States district court at Kansas City on charges of accepting rehates.

One of the claims set forth in the

bills of exceptions is that the court at Kansas City had no jurisdiction as the indictments failed to show that the alleged offense was committed within its district. It is contended that the fact of the transfer of he chipment through the western district of Missouri is not sufficient reason to vest jurisdiction in the court of that district; that the criminal provisions of the interstate commerce law do no apply to an export shipment to a foreign port, and that the indictments fall to state sufficiently the facts to

nstitute an office. Failure to charge the jury "that if the consignment is a through export shipment to a foreign port, the verdict should be for the defendant," is also alleged in the bill of exceptions.

FATALLY BEAT HIS DAUGHTER. San Jose, Cal., July 24.-This afternoon I. Cristina, a plumber, fatally beat and choked his 18-year-old daughter and she is now lying unconscious in the city emergency hospital. Neigh-bors notified the sheriff's office and the father was taken into custody before he had time to leave the premises. He had, according to the neighbors, frequently beaten the girl before.

#### WIFE MURDERER TAKES CARBOLIC ACID AND DIES.

Los Angeles, July 24.-W. J. Hudson the engineer who last night shot and killed his wife. Lulu Freeze Hudson, at the home of Dr. Houg in Pasadena was found today unconscious in his room at the Pairmont lodging house in this city and died a short time later at the receiving hospital from the effects of carbolic acid taken with sui-cidal intent. Hudson came to this city from Pasadena last night two hours after he had killed his wife and successfully made his escape from the of-ficers. The police of both cities searched all night for the murderer, but failed to find him. He had ar-rived at the Fairmont about a week ago from San Diego, and taken a room, registering under the name of William

When he was found in a dying condition today it was not known who he was until at the receiving hospital the detectives standing about the erating table recognized him as Hud-son. A search of his effects at the ho-tel confirmed their identification. Un-derneath the pillows on the bed was found a 38-caliber revolver with which the killing was done last night. Two empty cartridges were in the chambers and three loaded ones. Hudson had evidently intended to shoot himself.
but the cylinder of the weapon had
stuck and he was unable to fire it.
He then went to a drug store and pro-

#### AMERICAN SHANGHIED.

O'Donnell of Auburn, Ill., Said to Have Been Captured by British Navy.

Springfield, Ill., July 24.-In connec tion with the alleged shanghailing of O'Donnell of Auburn, Ill., into the British navy, United States Dist. Atty, W. A. Northcott today received advices from the state department at Washington regarding the investigation that it is making into the case of two men who left this city several months ago for the Pacific coast, and who according to statements made by McLaughlin, were shipped aboard a British sailing vessel, the Celtic Monarch, bound Australia, under representations that they would be returned to the United States by Sept. 1, 1906.

Following is a telegram sent by the lepartment of commerce and labor to

"Collector of Customs, Honolulu. H. Request British consul to release McLaughlin and O'Donnell, American citizens, if Celtic Monarch touches Hon-olulu; state department interested. (Signed) "METCALF, Secy."

McLaughlin says he was deceived in signing to ship on the Celtic Monarch, as he was told he was to go on a steamer, whereas the Celtic Monarch is a sailing vessel.

If the allegations are true about 100 immigrants, mostly Germans, are held in the lumber camps of that company virtually slaves. A party of Germans reached here today from the camps, stating that they had escaped. They went to the German vice-consul for protection and told him a tale of ill treatment and cruelty that has ill treatment and cruelty that has hardly a parallel in the south. They said they were brought south in February under representations that they would receive \$3 and \$5 per day, but only \$1 was received from the company for the labor. They allege that they were compelled to eat after the Americans, and if nothing was left they got nothing. None of them was allowed to leave ramp, and when they atto leave camp, and when they at-tempted to leave they were caught and severely beaten. When in the woods the bosses go armed, and if the men do not work to suit them they are stripped and while two of the bosses hold a man across a log a third plies a strap or any instruments of torture
